## FINAL PROGRAM

## Welcome Letter

Dear Esteemed Colleagues,

On behalf of the organizing committee, it is with great pleasure that we welcome you to the XXIV CLADE CONGRESS to be held in stunning and historic city of Antigua, Guatemala. This year's congress is dedicated to advancing our collective knowledge and sharing the latest innovations in the field of strabismus and ocular motility.

Antigua Guatemala, a UNESCO World Heritage site, offers a picturesque backdrop for our gathering. Known for its well-preserved Spanish Baroque architecture and vibrant cultural heritage, the city provides an inspiring environment for both learning and leisure. We encourage you to explore its cobblestone streets, colorful markets, and rich history during your stay.

Our program features a diverse range of topics presented by renowned experts from around the globe. We have planned a series of Strabismus sessions, symposiums designed to foster collaboration and inspire new ideas in the treatment and management of strabismus.

We are confident that this congress will provide a unique opportunity to connect with colleagues, exchange ideas, and explore the latest developments in our field. Whether you are a seasoned professional or new to the discipline, there will be something for everyone. We would like to extend our deepest gratitude to our sponsors, speakers, and participants for their contributions to making this event possible. Your commitment to the advancement of strabismus care is truly commendable.

Thank you for joining us in Antigua, we look forward to a productive and enjoyable congress together.

Warmest regards from Guatemala,

Margarita Barnoya, MD
